MANOIR LES RETROUVAILLES IS NOW PART OF THE GREAT COGIR RETIREMENT HOME FAMILY

Brossard, February 2, 2021 – Cogir is pleased to announce that it has been given a new management mandate in the beautiful Saint-Jérôme region. Manoir Les Retrouvailles, a 108-unit senior citizens' residence is now part of the great Cogir Retirement Home family.

That's right! Cogir Real Estate has today been given the mandate to manage the property by Mr. Richard Zaki, the representative of the current owners. "We wish to express our great appreciation for the confidence they are showing Cogir by handing over the management of this residence that has been so important to them since 2007. Our goal is to maintain the excellent services currently being given to the residents, while at the same time, letting them discover those little touches that are unique to Cogir retirement homes," says Cogir Management's President, Frédéric Soucy.

Strategically located on the Boulevard des Laurentides in Saint-Jérôme, this retirement home is close to many services as well as to a pretty park. Beginning today, the Cogir family will grow by some forty new colleagues, currently working in the home and led by Ms. Isabelle Proulx-Dallaire, the General Manager. "We are quite proud to add our skills to those of the existing team so that we provide to the area's seniors with an enjoyable retirement as well as the freedom to choose how they wish to spend each day, inside a friendly and safe environment. We truly wish to make a difference every day in their quality of life by giving the best we have to offer," adds Yves Duguay, Vice-President of Operations, Cogir Real Estate's Retirement Home division.

Cogir Real Estate is already providing management services in Résidence du Verger, also in Saint-Jérôme. "As both residences are located in different neighbourhoods and provide their own unique services, we are confident that the addition of Manoir Les Retrouvailles will help to diversify the amenities for seniors in Saint-Jérôme who wish to enjoy their retirement in a Cogir home," concludes Benjamin Demelin, Regional Director of Cogir Real Estate's Retirement Home division.

About Cogir Real Estate

A homegrown business from the Province of Québec incorporated in 1995, Cogir Real Estate relies on a team of more than 3,800 colleagues who strive, day after day, to provide the best possible service to their clients. Its team manages over 240 proprieties in the provinces of Québec and Ontario as well as in the United States. The company oversees more than 5 million square feet of real estate including commercial, industrial and office buildings. From a residential point of view, there are more than 27,500 housing units that include a network of over 50 private retirement homes. Our company also has significant expertise in hotel management.
