MANOIR FONTAINEBLEAU JOINS THE GREAT COGIR RETIREMENT HOME FAMILY

Brossard, March 30, 2021—Cogir is pleased to announce that it has been given a new management mandate in Blainville. The Manoir Fontainebleau, a 123-unit senior citizen residence is now a part of the great Cogir retirement home family.

Last Friday, Cogir Real Estate received this management mandate from owner Matthieu Tremblay. “We wish to express our heartfelt appreciation for the confidence he has placed in Cogir, allowing us to take over the management of this magnificent retirement home located in one of the most beautiful neighbourhoods on Montreal’s North Shore. Our goal is to maintain the excellent level of service that is already being provided to the residents while, at the same time, letting them discover those little touches that are the hallmark of Cogir’s retirement homes, says Frédéric Soucy, president of Cogir Management.”

Located in the heart of Blainville’s Fontainebleau District, this retirement home is close to a wide range of services. Led by General Manager Johanne Gravel, there are more than 30 new colleagues currently working in the residence who are joining the Cogir family. “We are quite proud to join forces with the existing team to provide an enjoyable retirement to the area’s seniors so that they can choose to live every day as they wish within a safe and friendly environment. It is our fondest desire to contribute to their quality of life by giving them, every day, the best we have to offer,” adds Yves Duguay, Cogir Real Estate’s Vice President Operations, Retirement Home Division.

Cogir Real Estate already operates some retirement homes in Montreal’s northern suburbs, notably in Saint-Jérôme, Saint-Eustache and Bois-des-Filions. “The addition of Manoir Fontainebleau provides greater service choices to the area’s seniors seeking to live their retirement in a residence managed by Cogir. Its location, midway between an urban and a natural setting, makes it a desirable residence for active retirees,” concludes Benjamin Demelin, Cogir Real Estate’s regional director, Retirement Home Division.

About Cogir Real Estate

Cogir Real Estate, a Quebec company founded in 1995, has a team of over 4,000 people who work tirelessly to provide customers with the best possible service. The team oversees the management of over 240 properties in Quebec, Ontario and the U.S. It administers over 5 million square feet of commercial, industrial and office real estate property and over 27,500 residential housing units, including a network of over 50 private retirement residences. The company also has extensive experience in the hotel industry.
